Greetings world, we are Anonymous.

Most of you know that Belgium was hit by terrorists on 22nd of March, 2016. Our freedom is once again under attack, this cannot continue.

Following the attacks in Paris last November, we have fought daily against terrorism and and we have silenced thousands of Twitter accounts directly linked to ISIS.

We severely punished ISIS on the darknet, hacked their electronic portfolio, and stole money from the terrorists.

We have laid siege to your propaganda websites, tested them with our cyber attacks.

However, we will not rest as long as terrorists continue their actions around the world.

We will strike back against them. We will keep hacking their websites, shutting down their Twitter accounts, and dismantling them to the best of our ability.

We defend the rights of freedom and tolerance. To the supporters of ISIS: we will track you down, we will find you, we are everywhere and we are more than you can imagine.

When they killed innocent civilians in Belgium they hit everybody in Europe, we have to fight back!

Everyone can contribute to our efforts and we invite you to fight with us, you can find information about the operation in the description of this video.

The Islamic state cannot recruit Muslims in Europe if they are accepted and included in the society.

So we want all of you to stand together against discrimination.

We are anonymous.

Anonymous - War Against Islamophobia
https://www.youtube.com/watch?v=5WmDqKo8_oQ

Hello citizen of the world, we are Anonymous.

As of today, we are launching operation Islam. With the current event happening in the world, we noticed a rise of the Islamophobia in many countries in the world. This operation aimed at showing to the world that Muslims aren't our enemies, that we should all be united, no matter what is our religion, or country of origins. Islam is a religion misunderstood by many, verses form the Quran are misinterpreted, lies about the Prophet Mohammad are spread, all of this is use to create hate and animosity toward Muslim community. Through this operation, we will show to the world that Islam does not advertise violence, that Islam is a peaceful religion.

After the terrorist attack in Paris, many mosque opened their door to the public, to show that terrorism is not Islam, and that terrorist are not Muslims. Some French citizen admitted that they had misjudge this religion. Many people don't know about Islam, this ignorance is used in order to create more divisions between us.

Nelson Mandela once said: "No one is born hating another person because of the colour of his skin, or his background, or his religion. People must learn to hate, and if they can learn to hate, they can be taught to love, for love comes more naturally to the human heart than its opposite."

This is a call to break one of the many walls that are dividing humanity.

We are anonymous
We are united as one,
and divided by zero.
