

4th November 2021

Include the date.

Name of MP
House of Commons,
London
SW1A 0AA

Include name and address of MP.

Dear Mr/Mrs/Ms/Miss

State the purpose for writing the letter.

I am writing concerning the proposed **Education (Environment and Sustainable Citizenship) Bill**. Having learned about this Bill at school, I am writing to ask for your support in passing this Bill into law.

I believe that the UK's involvement with COP26 is critical and that there is so much that all of us can do to take global climate action. One thing I pledge is to start to reduce my energy use but I would like to raise awareness of this issue with you and find out what you and your party is actively doing to support the goals of COP26 so that we have a chance of reaching 'net-zero' by 2050. I also believe that we need to learn more in schools about sustainability and actions that we can take to take care of our planet, currently we are only taught about the facts of global warming, which will not help us to consider solutions and understand the best ways of tackling this issue. I believe that the proposed Bill as set out by Lord Knight will do nothing but support me to learn more

Add personal and relevant opinion.

Your party has committed to many actions to address the climate emergency and as you know, it is one of the biggest issues facing the world. Please now back the **Education (Environment and Sustainable Citizenship) Bill**, by:

- Finding out about and considering why the Bill is important
- Supporting the Bill as it passes through the House of Commons

Include clear requests.

Thank you for all that you do for my community and for taking the time to read this letter. Will you now consider backing the proposed Education (Environment and Sustainable Citizenship) Bill?

What specific actions will you take towards supporting the introduction of sustainability and climate change within the citizenship curriculum? Please respond with answers to these key questions

Thank the MP for actions they have taken.

Your sincerely,

Request a response.
