

Video 1: what do you learn about climate change in the National Curriculum? What does Lord Knight say needs to change? What is his strongest argument for wanting change?

**Interview with Lord Knight:
After listening to the reasons for this Bill, I
would:**

Support the Bill

Oppose the Bill

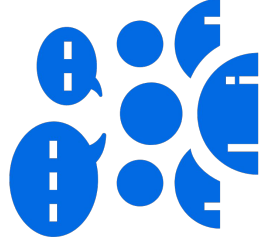

**Tick the statement that matches your
opinion and give a reason for your choice**

Video 3: \What two reasons does Lord Knight give for why the government should be supporting education for sustainable citizenship?

Video 2: Lord Knights talks about wanting the Bill to :
“instil an ethos and ability to care for oneself, others and the natural environment, for present and future generations.”
Write down what you think this means:

Discuss with your partner/table:

- **How important is this Bill?**
- **Will it add value to your learning?**
- **What are the arguments against passing this Bill?**
- **What amendments could be suggested to make the Bill more appealing?**

Video 4: What sorts of actions can people take at school, which do you think are achievable for our school?

Video 5 : “The core fundamentals of life are all dependant on us having a planet that is fit for purpose? “ How would your respond to this statement?

Video 6: What are the arguments against this Bill? Do you agree with these reasons?

**Interview with Lord Knight:
After listening to the reasons for this Bill, I would:**

**Support the Bill
Oppose the Bill**

Tick the statement that matches your opinion and give a reason for your choice
